The College

We are a co-educational day and boarding school in a beautiful rural setting on the outskirts of the city of Warwick, about two hours from the state capital, Brisbane. With a student population from Prep to Year 12, we offer a uniquely personalised education where both breadth and balance are features of our program.

An integral element of College life is our emphasis on character development. We want our students to challenge themselves to reach their full potential. Therefore, it is no wonder that people often say – *this is the school where country values inspire excellence!*

We aspire to be the College of first choice for families that want their sons and daughters to grow well as people. Like parents, we aspire for our young men and women to be confident that the College has given them the skills and attributes to create a successful future.

Our vision

To inspire students to be their best.
